HOGE IS RUNNING EAST AND WEST PICK ORE SHOOT

The Hoge Development Company operating in the Blue Tent-Harmony ridge section they are now driving both Eas tand West, on one of the vein systems that they have opened up in their North and South cross cuts, from their 300 foot Station level.

The west drift is for the purpose of getting under the downward extension of the known rich ore bodies that they opened up on the surface, in their prospecting shafts, prior to the sinking of their Main 3 Compartment shaft. The East drift is for the purpose of getting back to the contact vein, and for exploring a virgin country, that has great possibilities of having ore bodies of far greater importance, than those already known and discovered. The East drift according to reliable reports, is heavily impregnated with molybdenite, and inasmuch as the rich specimen quartz found in the old Harmony channel, within less than two thousand fee of the new Hoge Company shaft also carried quantities of molybdenite, it makes an interesting development, that should prove to be highly productive.

This company have an excellent working equipment, and are now making an average daily footage in new development of over fifteen feet per day, and at this rate we are daily expecting to hear of some sensational developments, as they are certainly in a heavy mineralized zone, that has more than ordinary possibilities of developing some exceptionally rich ore bodies.

HENRY GOUDGE HAS HIS ANNOUNCEMENT

Henry Goudge who was appointed by Governor C. C. Young to fill the unexpired term of D. S. Rowe as supervisor of the second district, is announcing through this issue of The Nugget, his candidacy for that office at the coming primaries. That he has made a good supervisor goes without saying.

Mr. Goudge has been making an especial study of the roads of his district and feels that the day of the single track dirt road is past and in company with the other members of the board has contracted for the purchase of oil spreading and rolling equipment which will be delivered this summer and should be the means of handling the serious problem that has always prevailed on the road to Colfax .To put this over successfully would be quite a feather in Henry's cap. He has made a considerable study of road conditions in other counties, costs of maintenance and the equipment necessary, and has formulated a plan for his district covering a period of years which should produce excellent results.

GEORGE OGDEN PASSED

George W. Ogden, for many years a teacher in the Nevada City elementary school, passd away in Oakland last week after a lingering illness. The remains were brought to Nevada City for interment Wednesday, the services at the Holmes Funeral Home, being under the auspices of Nevada Masonic Lodge of which deceased was a past worshipful master. Rev. C. W. Pearson assisted. Deceased was born in Marysville, in 1858 and commenced teaching at North Bloomfield in 1896. The following year he came to Nevada City where he spent 28 years in the Washington grammar school ,retiring on a teacher's pension. Mr. Ogden was also a past chancellor commander of Milo Lodge, Knights of Pythias. Surviving are a daughter, Miss Muriel of Berkeley, and a son, Chester Ogden of Dallas, Texas.

Miss Eugenie Wright, who has been spending a few days with her parents, Mr. and Mrs. W. E. Wright, returned to her studies at Armstrong's business college in Berkeley

MINING PRESS MAKES SECOND APPEARANCE

The California Mining Press, the official organ of the Mining Association of California, has made its second issue and the various members of the association have been sent copies. It is an attractive edition and contains much of interest to the craft. The local chapter is given a column of favorable mention including mention of the various Nevada City properties operating at the present time.

FRANK J ROWE HAS ANNOUNCED HIMSELF

One of the popular aspirants who has come forward to contest for the office of supervisor of the second district is Frank Rowe, one of Grass Valley's finest young business men. Possessing a wide circle of friends and with the experience gained while his father presided over the affairs of the same district but a short time ago, he will make a strong run for the honor of wearing the toga.

At the outset he has pledged himself to carry forward the progressive program mapped out by his father for the benefit of the second district but which was interrupted by his untimely death. At that time the son was prominently mentioned as being well fitted to carry on the work inaugurated by the father. He acted as secretary to his father and was a member of the roadstaff of the district and as such gained a valuable insight into the needs of the district and the best manner to supply them at a reasonable expenditure of the taxpayers' funds. With eight years of such experience behind him there is no question but that he is fitted for the duties of the office.

Mr. Rowe who is a native of Grass Valley and one of its popular young business men, has been a leader in amateur sports and civic affairs. He states that he is not affiliated with any political group and feels that the tax payers who desire a square deal, efficiency and economy will favorably consider his candidacy.

CARTER ANNOUNCES SHERIFF CANDIDACY

George R. Carter who has served Nevada county as sheriff for the past four years is announcing his candidacy for reelection to the office at the hands of the voters at the coming primaries.

Carter showed a fine record in war service, having passed through three major offensives with distinct credit to himself in France. Following an honorable discharge from service he became deputy sheriff under John R. Martin and took up special work under the government, gaining knowledge in finger printing and criminal identification.

During his term of office Carter has made several notable arrests, one of them being Ying Lung who murdered eleven in Solano county while on a rampage and was rounded up here.

On the basis of the service he has rendered the citizens of this county for the past four years, Sheriff Carter is making his bid for return to the office.

The sheriff states that he is willing to let his record stand for itself.

OPERATIONS AT THE OLD COLONY TO START

According to manager A. B. Ingram operations are scheduled to commence shortly at the Old Colony drift mine near Goodyears Bar. Retimbering of the old tunnel and extending it further along the rim of the channel has been diligently prosecuted. New sluices and blacksmith shop have been installed and things made ready for washing the gravel.

NUGGET WILL ISSUE SECOND ANNUAL MINING NUMBER IN FEW WEEKS TIME

Work is now commencing in the assembling of material for the second annual mining number to be issued by this paper covering the gold mining industry in Nevada and Sierra counties. The widespread interest manifested in the pioneer issue last May indicated that something of the kind was needed to tell the outside world what was going on here in a mining way. The issue is due for April appearance.

The popular directory of mines will be printed again in the forthcoming issue, this proving a lead feature. Ths diecrtory was compiled from the county tax records and there are doubtless many mining claims not patented which were not included in the list. Any such that their owner would like listed should be listed as soon as possible to insure insertion. There is no charge of any kind for the listing and it will prove valuable to those who have mining property to dispose of.

The first edition of 5000 copies issued last year was distributed all over the world and has been the means of directing much attention to our major industry for many years past. Many compliments were paid the publishers for the magazine character of the book and its fine typography.

More attention will e paid in the coming issue to the individual propertes being developed and operating than in the first issue where the groundwork was laid for future issues in carrying a general summary of mining and geological conditions throughout the county.

Those wishing to order copies shold do so prior to the date of issue as there prmises to be a large demand.

JOE FRANK WILL MAKE A POPULAR CANDIDATE

The numerous friends of Joseph Frank over the Fourth District will be tickled to learn that he has cast his hat into the ring to succeed himself as supervisor in the district where he has given such excellent service for twelve years past. Joe is making his announcement through the columns of The Nugget today.

In the 12 years that Mr. Frank has represented his district he has rebuilt all the major roads and has macadamized the cross roads as well as rebuilding a number of them. In the first days of Mr. Frank's incumbency, travel conditions were vastly different. Horse and wagon travel was common and Joe himself used a horse and buggy to get about. Joe has superintended all the road work himself, giving it his personal attention thruout which accounts for the fine roads in his district.

The road from French Corral to the highway and from the highway to Cherokee has all been graveled as well as the Indian Springs road to Spenceville.

Joe Frank is one of the highly respected residents of the Rough and Ready section where he has made his home for a number of years.

SAM J. CLARK SEEKS RECORDER OFFICE

After five terms of faithful, efficient service, Sam J. Clark is announcing in another column of this issue his candidacy for the office of county recorder.

For many years Sam has presided over the destinies of the recorders's office and his courteous manner has endeared him to all who have transacted business with his office. He has kept his records in neat, legible shape and has kept his office modernized so that all records are instantly available on call. Through the careful selection of his mechanical equipment he has been able to keep the work of transcribing the many documents coming in to be recorded onto the record books in fast shape and his indexes will be found in apple pie order so that any documents may be located at once. With his intimate knowledge of the work he gives the office his close personal supervision at all times.

Sam has many friends scattered throughout the country who will be pleased to learn that they will have the opportunity of returning him to office again. In his home community of Grass Valley he has many staunch friends in his years of public service as well as his private life.

Mr. and Mrs. Niles Searls were at Camp Celio on Lake Vera last week. Mrs. Searls with her assistant, Miss Kendall, are making improvements and arrangements for the four sessions of the Camp Fire Girls to be held there this summer.

Among those of the Ridge attending the funeral of the late Mrs. M. Cox were Miss B. A. Mahoney, Mrs. Mary Campbell and daughter, Mary Joan, James P. Coughlan and Mrs. W. H. Hustler of North Columbia.

W' E. WRIGHT POPULAR CANDIDATE FOR OFFICE

In another column of tris issue will be found the announcement of W. E. Wright, as a candidate for re-election to the office of District Attorney of the County of Nevada.

In performing the many duties of District Attorney for the past seven years, Mr. Wright has become intimately acquainted with all of the problems and knows how to meet and solve them to the greatest advantage and best interest of the County.

In addition to performing the many duties of the District Attorney efficiently and fairly, he has at all times taken an active interest in the welfare of the County and aided in all civic enterprises which had as their object the improvement and betterment of the County. In this particular he has been especially active and he is a continuous booster for Nevada county.

In conducting the office of District Attorney he has done so at a minimum of expense, and promises to continue the economic policy for the next term, if chosen for the office.

Upon the policies heretofore pursued in connection with this office, and a promise to continue same, if elected, he seeks re-election to the office of District Attorney of Nevada County.

EASTERN STAR GRAND MATRON TO VISIT HERE

Mrs. Myra Moyse, Worthy Grand Matron of the Order of the Eastern Star, Will pay her official visit to Nevada City on Tuesday evening, April 8th, when Evangeline Chapter of Nevada City, Aurora Chapter of Grass Valley and Bethany Chapter of Colfax will meet here in joint session to do honor to the distinguished visitor.

Dinner will be served at the National Hotel at 6 o'nloik that evening for the Grand Offirers. All members of the Order are privileged to attend the dinner. The Price will be $1.00 per plate.

LOCAL GOLFERS TAKE THE PLACERVILLE MEASURE

The local crew of divot producers took the measure of the Placerville contingent by a score of 18 to 15 on the local course yesterday, in a series of matches that were marked b yclose play. The course record was broken when a phenom from Placerville turned in a card of 74, two 37s. Stuart Hoskings with two 43s was low man for the locals.

Mr. and Mrs. Wm. Reynolds have returned from an auto trip through Arizona and the southwest.

F. S. Powell of Truckee was here as a witness in the case of the People vs. James McIver tried in the superior court.

Forest Ranger C. A. Vanderwalker has been transferred to the Mt. Shasta district. W. M. Gracey and son, Allen, moved his furniture from North Bolomfield to Mt. Shasta.

GASTON MINE TO START WORK IN SHORT TIME

New comers of the extensive Gaston mining properties above Washington are expecting to establish a camp at the property in the next week as soon as roads can be broken through up the Gaston Ridge.

A small crew will be employed at the outset to clean out the various tunnels. The Gambrinus vein is to be opened up and will be stoped out to the surface. The company estimates it will have a sufficient flow of water through its ditch from Poorman creek to take care of its power needs up to the 1st of June but it is expected that arrangements will be made to tap the power line from Alleghany to the Spanish mine which will require less than two miles of miles of construction.

Guy Mooers will be in charge of operations for the new interests.

MACHINERY GOES IN TO OMEGA MINE AT FOREST

A truck load of machinery was taken in last week to the Omega gravel mine near Forest and is being installed. The company operating the property has done a great deal of work straightening and draining the old crooked tunnel to tap the gavel and will be able to proceed with celerity as soon as the winter season is entirely over. Charles Spengler is superintendent and general manager.

HENRY SCHROEDER WILL RUN ASSESSOR POST

The announcement of H. C. Schroeder that he will again seek the office of county assessor after many years of faithful and painstaking service is of more than usual interest.

His record in the office and his system of assessment records have been so excellent that Nevada county has been looked on over the state as a model in this respect which speaks volumes for his conduct of one of the most trying jobs in the court house, that of correctly assessing the land and improvements that the burden of taxation may be equalized. The removal of thousands of dollars worth of taxable property the past few years due to formation of an irrigation district and shrinkage of certain mining property values has caused a great reshaping of property values for taxation purposes but in spite of this Mr. Schroeder has been able to turn over to the supervisors assessment rolls that have kept the tax rate at a reasonable figure at all times. He has placed on the tax rolls many thousands of dollars worth of property that had hitherto escaped taxation.

IMPROVEMENTS UNDER WAY AT CAMP CELIO

One of the new improvements being made at Camp Celio, the summer camp of the Oakland Camp Fire Girls at Lake Vera, is a 100 foot pier extending into the lake from the camp. The first of four groups of campers are expected the middle of June.

WOMANS' CLUB PRESENTS INTERESTING PROGRAM

The banquet and reception tendered Mrs. Thomas Richards of Chico, head of the Northern District of the California Federation of Womans' Clubs, proved to be one of the mos tenjoyable in the history of the local club. Following a toothsome repast served at Schreiber's the company adjourned to the Brand Studio where an interesting program was rendered. The various projects under way by the club were discussed.

Mrs. R. J. Bennetts as president presided in an acceptable manner.

Mr. and Mrs. E. M. Rector spent two weeks in Los Angeles and San Francisco.

District Attorney W. E. Wright attended to legal business in Auburn during the week.

POLITICAL POT IS BOILING OVER NEW ENTRIES

County politics continue to bubble and there promise to be some new splashes next week which will set the tongues wagging again .With the entry of Henry C. Schroeder into the campaign for the office of county assessor again has relieved the anxiety in a few aching breasts.

There are a number of political newcomers to The Nuggets columns tris issue including W. E. Wright, district attorney, Sam J. Clark, recorder, George R. Carter, sheriff, Jos. Frank, supervisor 4th District, Henry Goudge, supervisor second district, and Henry C. Schroeder, assessor, all of whom are announcing their candidacy for reelection. Added to these are Arthur F. Hellings who will be a leading candidate for sheriff and Frank J. Rowe strong candidate for supervisor of the second district.

There are rumors that a former sheriff will cast his hat in the ring the next few days which will whoop up the fight for that office into large proportions from the start. One Grass Valleyan is still flirting with the idea of getting into the political ring for one of the county offices.

The entry of Mrs. Ella M. Austin to succeed herself as superintendent of schools has been favorably received everywhere about the county

The coming of young Frank J. Rowe into the campaign as candidate for supervisor in the second district has pepped up that fight into a real contest as the name of Rowe is a popular one in Grass Valley. Dave Rowe during his terms of office made an excellent supervisor from that district and the training the son received during those years gave him an insight into district affairs that are valuable.

John S. Corey hasn't been letting any grass grow under his feet in the campaign and he has been receiving many assurances of support, some of them from unexpected quarters in the second district so that he has been feeling quite encouraged over the outlook. John is a hard scrapper.

There are still a number of prospective candidates in the offing who have been sniffing the various breezes that blow and waiting for a great tidal wave to come along and sweep them into office without much work. The election will be over and past for some of them before they know it.

ARTHUR HELLINGS IS A CANDIDATE FOR SHERIFF

The announcement in this issue of The Nugget that Arthur F. Hellings will be a candidate for the office of sheriff of Nevada county is bound to create a great deal of interest over the county as Arthur has been a popular resident of this section for a long time and counts his friends by the legion.

In resigning his office of deputy sheriff in order to make the race, Mr. Hellings is doing so at the behest of many friends who have been urging him for weeks to make the race so that they can get into the campaign to work for him. He has been an able, efficient and courteous deputy for the past three years and more and has handled his work in the office in a thoroly expeditious manner. He is fearless in the discharge of duty and shirks no danger when out on a case. This was shown on the Yung Ling case as well as others where danger lurked.

Since 1907 Mr. Hellings has been a resident of the county, coming to work in the mines. He worked for a number of years in the Golden Center, Allison Ranch and Empire, being shift boss at the latter at the time of his selection as deputy sheriff and he played an important part in the election four years ago in the Grass Valley district.

Mr. Hellings stated to The Nugget that he had no pre-election promises to hand out in the hope of landing votes but that if he were honored with the office of sheriff that the people of Nevada county would never regret their choice.

CAMPTONVILLE JOTS

At a meeting held recently, Gravel Range Lodge No. 59 F. & A. M. voted to make some improvements about their hall. Although it is classed as the Masonic Hall, is is really the community hall, the only place where public gatherings, funerals, church services, and other community matters can be held. During the past many years it has been illuminated at night by the old style kerosene lamps, which are dangerous, give poor light, and a nuisance to take care of and keep up. The lodge voted to install a set of compressed Flamo gas immediately for lighting the lodge room, dance hall, and other rooms in the building. This gas is very economical to install, and has already been tested out in this section, proving very satisfactory for lights, and way cheaper than other installations of various kinds. It is considered the next best to taking electricity from the line.

Grant & Heather have formed a partnership in the general lumber business, papers having been made out several days ago whereby they acquired the 600 acres of virgin timber land of Long Brothers in the Mill Creek District, seven miles west of here. They have purchased a saw mill in Mendocino county and are preparing to truck it to the new location immediately and get it set up as soon as possible. They expect to start cutting lumber June 1st. They have also acquired the remaining plant of the Oak Valley Lumber Companies mill, most of which was destroyed by fire late last fall. Wm. O. Grant managed the Oak Valley Company, and is well versed on the industry, Alfred Heether is a business man of Nevada City, and their many friends wish them every success.

Edward S. Goetze of San Francisco spent the week end here, making arrangements for the visitation of Oriental Lodge No. 144 to Gravel Range Lodge which will take place oerv the week end of May 10th.

Conciderable improvement, necessitated by a cave in the road along the edge of the diggin's bank in the lower part of town, is being done, which, when finished will make a much better road and street into the lower end of town. The caving necessitated a change in course of the culvert pipe, the removal of six feet more of the hillside, to make the road safe, and the building of a new fence along the edge of the bank. The new road will be wide enough for two cars to pass which was not enjoyed on the old road.

The Camptonville Shakespeare and Current Eevent Club held a regular meeting at the Groves home.

The following were among those motoring to Downieville Saturday evening to attend the dance: Mr. and Mrs. Fred H. Butz, Mr. and Mrs. Acton M. Cleveland, George Butz, Lawrence Turner, Miss Eleaner Turner, Mrs. C. W. Turner.

Lloyd Dudley of Nevada City and Miss Louise Moulton of French Corral were in town Sunday visiting friends.

Mrs. Fern Cook of Pike City was in town Sunday.

Oliver Chatffeld of Pike City was in town Sunday.

Henry Harrison motored to Grass Valley Friday.

J. M. McMahon, attorney of Nevada City, passed through town Saturday.

CITIZENS MILITARY TRAINING CAMPS

The Citizens Military training camps are situated all through the United States. The objects of these camps is to bring together young men of high type from all sections of the country, and thereby develop closer national and social units; to teach the privileges, duties, and responsibilities of American citizenship.

The age limits are from 17 to 31 years of age.

All necessary expenses are paid.

It is a very invigorating and healthful course for a boy of the high school age to take.

A typical camp day consists of a morning devoted to military exercises and an afternoon devoted to athletics. The evening is given to recreation, moving pictures, dances, and amateur theatricals, swimming, boxing, wrestling, track, hand ball, and even summer football practice.

The officers are all experts in their line of duty as instructors.

TALK BEFORE CLUB

Last Monday evening Vivian Cerro gave a talk before the Women's Civic Improvement Club, and in her talk she expressed the thanks of the student body to the Club, for during the last year they not only planted the shrubbery around the building but helped secure lockers which the girls have certainly appreciated.

She also expressed for the student body their desire to be ofa ny assistance to the club.

SENIOR FARCE

By Nadine Sutton.

"No, I can't play cards Thursday night because I am going to the Senior Farce. Yes, it is to be presented at the Nevada Theater on Thursday, April 3. Oh, of coruse, you couldn't miss it. Yes, I think you had better postpone your bridge party".

Well, folks, I think you are mighty sensible to reserve next Thursday night for the Senior Farce, "Peekaboo Lady". Everyone ought to see that farce. There are enough laughs in it to last the whole town a year.

Mr. I. Wood, a young man who never had a serious thought in his life, is in love with Ima Springer and they wish to get married, but their guardians object. Crystal Springer ,Ima's aunt and guardian will not hear of the marriage. Likewise, I. M. Cash, Wood's uncle and guardian, objects to such a union, namely because of his hatred of women. The result is that Crystal decides to take Ima to Topple Inn in order to rid her of Wood's attention. Wood, unbeknown to his uncle, gives up his position as bank cashier and follows Ima to Topple Inn, where he accepts a position as desk clerk. I. M. Cash, who finds life lonely after the departure of his nephew, decides to spend his vacation at Topple Inn. The old maid aunt and bachelor uncle meet and, strange to say, their hatred for the opposite sex seems to disappear. In fact I. M. becomes very interested in Crystal and he wins her favor. However, he does not do this entirely on his own merit because, first ,Wood masquerades as his uncle and courts the lady, and, second, I. M's long lost twin brother, I. O. Cash turn up at Topple Inn, meets Crystal and also becomes infatuated with her. The complications that follow are both humorous and tragical.

It you want to see how this tangled web is straightened out, be present at the Nevada Theater on Thursday night, April 3.

ASSEMBLY PROGRAM

Tuesday afternoon at 1:30 the student body was entertained by a radio program. Ralph Fisher, vice president of the American Trust Company gave a talk for high school students on "Earning Money". The talk was given in the form of questions and answers. The questions were actual questions that boys and girls had asked him on this subject. He said that no boy or girl should feel ashamed of earning part or all of his spending money. Another interesting fact that he brought out was that students in the University of California earned one million dollars in the past year. His talk was very helpful because it may encourage students to earn their own way through college.

After the radio program Catherine Davis gave a fine report on the Honor Society Convention at Auburn

SENIOR CLASS MEETING

A senior class meeting was held Monday, March 24. The purpose of this meeting was to discuss "Skip Day", where to go and the date to skip.

The Senior-Junior banquet was also discussed. The junior class have sent the seniors an invitation to dine with them. It has been in dispute whether the seniors should accept the juniors invitation or have a banquet of their own, as has been done in past years.

STUDENTS WIN AWARDS

Kathleen Greenaway, a shorthand II student, won a Gregg certificate for writing 80 words per minute unprepared literary material.

Madeline Himes, shorthand I student, also received an award for writing 60 words per minute unprepared literary material. Madeline is the first student in shorthand I, in Nevada City, to receive this award.

These are splendid records which speak well for the commercial department of the school.

HONOR SOCIETY CONFERS

On Saturday, March 22, the Honor Society of Nevada City High School sent a delegation to Auburn to attend a conference meeting. Seven other schools were represented. The meeting was called to order at 10 o'clock, by the president of the Placer Union High School Honor Society and after a short prgram the meeting was turned over to the chairman, Miss Dolly Drew of Sacramento High School. Two meetings were held, one for the teachers and one for the students. Some of the things discussed at the students meeting were finances, communications ,expenses, scholarships, and privileges. At 12 o'clock the meetings were adjourned and luncheon was served in the cafeteria. At one-fifteen the minutes of the two meetings were read and after their approval the conference was adjourned. The Nevada City delegates, Ruth Rector, Catherine Celio, and Catherine Davies were chaperoned by Miss Main.

WINDOWS

There are windows open to sun and air
And the good deeds done by men.
There are windows closed to a happy world
That should be open again.

For the windows of homes let in the light
The windows of souls, the joy
We could make it a great big happy world
With the help of each girl and boy.

So open your windows to let in the light
And open them up to the sun
Let kindness and joy each happy smile
Warm your heart as the day is done.

FROM OUR READERS

Publisher Nugget:—

Having been a resident of Nevada City for over seven years, it is no wonder, then, that I should be interested in "my old home town". Quite by chance I recently read a copy of your paper and found the news items so interesting I decided to subscribe for it.

Accordingly, I am enclosing a money order for $2.00 to cover one year's subscription.

Miss Claudina A. Bertoni.

How is it that at times we feel bouyant of spirit, radiating cheerfuiable, dull of spirit, radiating a ness, and at other times disagree grouch.

The next time you feel pretty well filled up with a desire to "carry on" to the end, joyful, ambitious, with a heart overflowing with a spirit of loyalty to yourself and others, just take a calm and studious retrospect of the grouch period. In nearly every instance, you will discover the recurrences are caused by a passive submission to influences which can be controlled with little effort. We are prone to give in too easily to impulse. Too ready and active in our resentments, each time we give in to that evil force adding poison to our bodies and weakening the spirit.

We have no license whatever to ascribe to ourselves individual rights independent of the general welfare. We are undoubtedly here for some good purpose probably development along lines of tolerence and helpfulness, and what greater and easier success in life can be attained than to realize that we have added our measure to the ultimate goal of universal understanding and brotherly love. Let us make the "Golden Rule" the foundation of our faith, and strive to live true to it.

We are, individually, absurdly small in comparison with the spectacle our visions and thoughts encompass, and should have the grace and spirit to recognize and acknowledge the sublime in all our human relations.

RUPTURE SHIELD EXPERT COMING TO

MARYSVILLE
On
SATURDAY ,APRIL 5.
at the MARYSVILLE HOTEL
from 10 a. m. to 4 p. m.
Evenings by telephone appointment only

ONE DAY ONLY

No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained.

No elastic belts nor filthy legstraps are used.

I guarantee the durability of my absolutely sweat and moisture proof, sanitary appliances.

75% of ruptured children recover completely through expert mechanical treatment according to statistics.

Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.

LOCAL BOWLERS GET INTO BETTER SHOWING

After getting off to a bad start one of the local bowling teams evened up things the past week but the Curnow aggregation getting their shots lined up with the result that have annexed but one point for the two weeks. The Willoughbys with their captain absent showed up in such convincing style that they took the Jones team for a 3 to 1 count so that they have some hopes of coming up the ladder as the season gets under way.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Mar. 29, (Special to The Nugget)—Here we are to the last "Items" for March 1930—Indeed, some days of the past week have made us feel that we were in June or July. Our delightful country grows in beauty every day, and ere many weeks will be at its zenith. Fine autos are constantly passing, so many are enjoying the pleasure of outdoor life.

An army of fine autos passing through last week made us sit up and take notice. We afterwards learned they were U. S. engineers and others who were inspecting the proposed Narrows dam site.

The members of Columbia Parlor, No. 70 N. D. G. W. held a meeting Friday afternoon.

A. Browning went to Nevada City Saturday, where he has engaged in some mining operations.

Clyde Fogarty in company of friends, Miss Dana of Marysville and Miss Mitchell of San Francisco paid a visit to his uncle and aunt, Mr. and Mrs. W. E. Moulton, Saturday.

Rev. P. O'Rielly of Nevada City held services in the Catholic church in Birchville, Sunday. He was accompanied by Clement Organ.

Joseph Swazey was a visitor from the Siberia mine, Sunday.

R. M. McNamara of Tyler was a Sunday visitor. On his return trip he was accompanied by his wife who had been spending the week's end with the family of her brother, J. W. Culver.

Laurence Calanan of Rays ranch returned from San Francisco where he enjoyed a week's visit with friends and relatives. He was pleased to report that his neighbor, Frank Murphy, will soon return to his home at Montezuma Hill. Mr. Murphy has for several weeks been under treatment with Dr. Barkan, eye specialist, and was in danger of losing his eyesight altogether. The doctor has saved one eye and by an operation succeeded in getting a speck of light for the other. Franks many friends will be glad to know of this successful treatment.

Mrs. LeMange of Auburn and her friend, Mrs. Johns of San Francisco visited Miss Clerkin Tuesday.

Miss Millie Clerkin, Mrs. K. Sullivan and Albert Moynier had business in Nevada City Wednesday.

Mr. Robinson of the Lady Jane ranch, and E. A. Wolfe of the Standard Oil Co. were Wednesday visitors.

R. Rhodes of Sweetland was a visitor Thursday.

Mr. and Mrs. W. A. Pullimn, Mrs. L A. Gorky, and Mrs. Freda Crocker of Grass Valley were Thursday visitors. They were much interested in looking over old relics.

Mr. and Mrs. J. W. Culver went to Grass Valley Thursday evening to attend a high school program in which Mrs. Culver's grandson, Bennie Wilcoxson, had a part.

We extend our deepest sympathy to the relatives of Mrs. Mary Cox who passed away at Nevada City Saturday night. Mrs. Cox was dearly beloved by her large circle of friends She was a pioneer of our county, and this section in particular where with her husband the late Conner Cox, she spent the greater part of her life at their ranch near Cherokee. In recent years she has been housekeeper for Rev. P. O'Rielly of Nevada City, and she will be sadly missed by all who knew her.

After a short visit home in French Corral W. P. Clerkin and H H.askins returned to Browns Valley Wednesday.

Wm. Gordon of French Corral made a trip to Marysville Wednesday.

McIVER CASE STOPS

The case of the Truckee Sanitary District against James McIver collapsed with a dull thud in superior court last week when attorneys for the defendant called on F. S. Powell, witness for the prosecution, to produce records of the district. Motion was sustained to dismiss the case at that point. Mr. Powell stated afterwards that he did not consider that he had any legal right to bring the records into court except on order.

Gas
—a safe fuel for heating your home

Facts published by "The National Board of Fire Underwriters" prove that gas fuel is the safest of all fuels.

Furthermore, physicians know that gas fuel is absolutely safe when burned in MODERN, UP-TO-DATE appliances. Perhaps you recall the old portable heating appliances which were connected with a flimsy rubber hose to a gas pipe. These appliances were not vented and the results were often unpleasant. People blamed the gas fuel. As a matter of fact, the blame should really have been placed upon the poorly-designed appliances. To judge modern gas-fired equipment upon the basis of such obsolete equipment is like comparing coal oil lamps with modern electric lights.

In modern heating appliances, gas fuel burns in a steel firebox. The invisible products of combustion go outdoors through a chimney—just as smoke does from any fire. In no way can the gas escape into your home. That is why gas fuel produces healthful heat.

In addition, gas burns clean without any smoke or dirt. It is the easiest fuel to control and you can have an even, warm temperature in your home without any effort on your part.

For full details about heating equipment that burns gas fuel, see a heating contractor or phone or call at our office.

COMPUTE ALL THE COSTS OF HOME WASHING

Washing at home, even with the aid of a washing machine, does not save all of the cost of your laundry bill. Don't overlook the fact that you have materials to supply.

Soap ,starch and bluing, the water you use, electricity to run the washing machine, gas or coal for heating the water ,etc., all cost you money. And don't forget to figure in the wear and tear on the machine, the interest on the money it cost, etc.

When you assemble all of these very real costs, you wil ldiscover that for a very little, if any more, you could have us do the washing and save yourself all the work, muss and bother from which the use of the washing machine does not relieve you!

Try our Dry Wash—12 lbs for 96c. Additional wt. 8c per pound.

MRS. FISCHER PASSES

Mrs. Martha A. Fischer, beloved wife of Richard L. Fischer, passed away suddenly at the family home on Coyote street early last week. The passing was a shock to the many friends of this estimable couple. Funeral services were held from the late home under the auspices of the Christian Science Society on Thursday afternoon, Mrs W. B. Magonigal being in charge.

Deceased was born in Ohio in 1852 and made the long trip to California with her parents via the Isthmus of Panama in 1864 and Nevada City has been her almost continuous residenc esince that time. Two brothers, James B. and W. E. Young also survive.

The sincere sympathy of the community goes out to the devoted husband in his loss.

Card of Thanks

I desire to express my sincere thanks and appreciation to friends and neighbors and all who rendered acts of kindness during my recent sad bereavement and for the beautiful floral pieces.

RICHARD L. FISCHER.

POSTPONED AGAIN

The date for the holding of the coming district Lions Convention here looks to be quite an elastic affair from all appearances. The third postponement is now in effect, the latest one being set May 3 and 4th. Maybe by summer we will be able to hold it.

ELKS HONOR HARRY

Congressman Englebright has been honored by White Plains, New York, Elk Lodge by being made an honorary life member and has been presented with a fine gold case attesting that fact. Harry is a past exalted ruler of the local lodge. Another Californian well known here similarly honored was Frank C. Jordan, secretary of state who is a close personal friend of the congressman.

A GOOD TURN

Report of Warren Chapman S. P. L.

Last Friday night, March 21st, four Boy Scouts of Troop 6 went to the home of Miss Janes, Campfire Girl Guardian and taught the Camp Fire Girls to tie several knots. These knots are needed by the Camp Fire Girls to pass their Firemaker's rank test.

The Four Scouts were Bert Rinehart, Richard Marriott, Robert Tucker and Warren Chapman. The knots taught were the overhand, figure eight, bowline, square, slip, sheepshank, fisherman's, two half hitches, clove hitch, and stevedore.

It is mainly through the kindness of Mr. H. M. Clendenen that the boys themselves learned the secrets of knot tying.

THE SCOUT COLUMN

The Nevada City Public Library has purchased about fifty merit balge pamphlets and these are now available to Scouts who wish to take up any of the subjects for which merit badges are awarded. There is a merit badge given in Scouting for practically any kind of a hobby which a boy may have or for training in any trade or art. The early training which Scouts receive in the fundamental crafts may often enough be the inspiration for his lifework or in any event will give him a general knowledge sufficient to enable him to intelligently understand their principles.

The pamphelts were chosen by the local sponsoring committee of Hydraulic Parlor and Executive Harris Ricksecker and cover the subjects peculiarly adapted to this region in addition to the universal subjects such as coking, camping, manual arts, etc.

DUTIES OF A PATROL LEADER

By Albert Pratti, Patrol Leader
Beaver Patrol.

A Patrol Leader is under the direction of the Senior Patrol Leader and has charge of eight boys. His duties are to know the weak and strong points of each boy in his patrol. He should know about his ambitions, home life and also about his special needs.

A Patrol Leader should be able to plan a meeting that would interest anyone attending. He should interest and help the boys in Scout advancement. He should interest his boys in hikes, games, and leadership. He also should put the idea of "Good Turns" in the minds of the boys. He is also to see that any roughnecks or boneheads come through with the right Scout spirit.

A Patrol Leader is to see that the boys are proud of their Patrol's appearance and of their Patrol spirit. He should be able to plan a Patrol hike and lead it well enough so that the Scoutmaster could trust him with the Patrol for a day without adult supervision. A Patrol Leader should be able to lead his Patrol into Troop enterprises and have enough brains and sense to think up new things which the Patrol could do besides.

The Patrol Leader should justify his Scoutmaster's confidence in his loyal and thoughtful co-operation under his leadership for the development of the whole troop. He should be able to make his own Scout life an unboastful example and an encouragement to every fellow in his Patrol, thereby commanding respect and his confidence.

Those are the duties of a Patrol Leader. For myself, I think Leadership is very fine and interesting.
